The removal of the houses of Mirzapur was necessary for the improvement of the Curzon Park - & the money sanctioned for it is debited to the Curzon Park grant. The total receipts to date are Rs 87,95,2-6 but the further receipts are expected to be Rs 105-2-6 — Mirzapura has to be built in a new site. The cost is estimated at an additional Rs 1,00,000 — This should be given as an addl grant in aid of the Curzon Park grant. Early orders of the Lt Governor is desirable

Subject—(Clause III of Schedule.)

Re construction of Bakshi Narasappa's Agrahar at Mysore.

Secretary's Note.

The houses of this Agrahar (6 in number) were acquiredand removed in connection with the formation of the Curzon Park. They were all of uniform dimensions and built of the same kind of materials. The houses and land on which they stood were valued at Rs.3600. It was originally proposed to rebuild the Agrahar on the Municipal land close to Munisamy Chetty's stables. That proposal was subsequently abandoned on sanitary grounds and another site viz Badur Zana Khan's Karkhana, at the upper end of Sivarampete was selected for the purpose. This site has been approved of both by the Civil Surgeon and the Health Officer and is also acceptable to the Agraharam Brahmins. Mr C.Venkata Rao, Assistant Commissioner, has approved of the site on behalf of the family of the donor of the Agrahar, viz the late Bhakshi Narasappa. The proposed new houses are estimated to cost Rs.714 each; and the ground plan is an adaptation for the Brahmin requirements of the type plan of house for the middle classes as approved by the Sub-Committee for the Sanitary Improvement of the City. Including the value of the site, the cost of reconstruction of the Agrahar is estimated at Rs. 8765-2-6, which has to be sanctioned from State

as an additional grant to the grant already made for the Curzon Park.

The grant which has been agreed to by the Committee may be sanctioned.

Regarding the site it is deemed the best available and the Brahmins who owned them in the Agrahara added on the Bank are in favour of it. There is no other site sufficiently near which has been left near the Park and which is frequently - used by the Committee and Vice-President says that it is the best and the most eligible site.

OFFICE OF THE ~~DEPUTY COMMISSIONER.~~

MYSORE ~~DISTRICT.~~

Dated Camp Hunsur 22 Nov: 1902.

To A. V. Narasimhayya Esq: M. A. M. L.
The Secretary to the Government of Mysore,
General and Revenue Departments.

Sir,

Referring to Government order No. 6063 dated 10th November 1902 d. 745-01 requesting to hasten the Construction of Narasappa Agraharam houses, I have the honor to report as follows:-

The site for Agraharam approved of by the Agraharam brahmins viz Badruzama Khan's Karkhana at the upper end of Sivarampet has been acquired at a cost of Rs 3260/-

The Civil Surgeon of the District and the Health officer of the municipality approve of the above site on Sanitary grounds. Mr. C. Venkata Ra

Assistant Commissioner approves of
the site on behalf of the family of the
donor of the Agraharam — the late
Bakshi Narasappa. The 6 Agraharam
houses were acquired and demolished for
the formation of Curzon Park. The
houses were all of uniform dimensions
and were built of the same
materials. Together with the ground on
which they stood they were valued at
₹ 3600/-. It was originally proposed
to build these houses on municipal
lands close to Moonisami Chetti Lane.
This proposal had to be abandoned on
Sanitary grounds. The cost of the site
which was originally not thought of
has now to be taken into account.
It is obvious that it is not possible
to build new houses on sanitary principles

for the amount at which the old houses were valued. The Agrahārams Brahmins being mere mendicants, are not in a position to contribute towards the cost of their new houses. The proposed houses are estimated to cost Rs 714/- each. The ground plan of the house is an adaptation for the Brahmin requirements of the typeplan of house for the middle classes as approved by the Sub Committee for the Sanitary improvements of the Mysore City. I submit a plan of the new house and also one of the old house and an estimate for the new house.

As reported in the accompanying Copy of the Vice-President's letter No. 337 dated 10th November 02 to the Deputy Commissioner, Rupees 1221-2-6 out of the amount of Compensation for these

Agraharam houses has been expended for the demolition of houses at the north-western corner of the Curzon Park - an item of expenditure not provided for in Government Proceedings No. 265-72 / 1374-61 dated 7th March 1902 - wherein a sum of ₹ 10,000 was sanctioned for the acquisition of these houses.

This amount viz ₹ 1221-2-6 together with the cost of the site viz ₹ 3,260 and the estimated cost for rebuilding 6 Agraharam houses on the new site viz 4284, i.e. in all ₹ 9105-2-6 will have to be provided for. If the plan and estimate herewith submitted meet with Government approval I beg that ₹ 9105-2-6 may be kindly placed at my disposal at an early date to start building operations

in time to get the houses finished —

before the next mangoe Showers —

I have the honor to be,

Sir,

Your most obedient servant.

Correspondence ending with President's letter no. 185 Dated 27th March 1903 Submitting a revised Statement showing that the additional amount actually required for ~~[illegible]~~ rebuilding Butkoli Nara-Sappai Agrahar houses in lieu of the old ones taken up for the Curzon Park in the Ellpore city is Rs. 5,567-2-0.

In reply, has the honour to observe that a reference to Govt Proc. (D.P.W) No 265-72 dated 7th March 1902 (13 74 81) shows that out of Rs. 50,000 (the total amount) sanctioned for the laying

out of the Curzon Park,
a sum of Rs. 8000 only was
set apart for the acqui-
sition of houses, while
in the first and the revised
Statements sent up by
the President the latter amount
is shown as Rs. 10,000.
The no. of the Govt Proc.
quoted in the Statements as 269-72 / 1374-61
seems also to be wrong.

2 Taking Rs. 8000 to be the
correct amount allotted
for the acquisition of the
houses, the balance available
according to the revised Statement,
now to be Rs. 144-14, only
& not Rs. 2,144-14 - & the
additional amount required
for rebuilding the
Agrahair houses now amounts
to Rs. 7,567-2-0. instead of Rs. 5567-2-0.

3. The President is requested
to explain the discrepancies pointed out above
and submit a Correct State-
ment at a very early date.
